

Raúl Rodríguez

Las Palmas de Gran Canaria, Las Palmas province
raul.rod16124@gmail.com

Hey there!

I'm a Frontend Developer with a passion for React Native, Typescript, Testing Library, Jest, React, and Google Cloud.

I'm always on the move, bringing a cheerful and proactive attitude to every project. When I'm not coding, you'll find me hitting the gym for some CrossFit sessions. In my free time, I love creating my applications with the exciting goal of eventually publishing them for the world to enjoy!

I thrive in collaborative environments, cherish teamwork, and let's not forget my deep love for coffee! Let's connect and code something amazing together!

Work experience

Mobile and Web Developer

Vehnet SL-Edinburgh

April 2022 - Currently

- Build cross-platform mobile apps for iOS and Android using React Native, Typescript and Google Cloud.

Certificates

Typescript course

April 2023

Side Projects

Matchup

<https://play.google.com/store/apps/details?id=com.matchupcardgame2023>

October 2023

Matchup is one of my side projects that is already published. Matchup is a card matching game. Test your mental skills as you progress through increasingly complex levels, unlocking new content and collecting cards and items.
